& LENZ O-RING SEAL TUBE FITTINGS

4 "Ready Ship" Warehouses

MORE INVENTORY THAN EVER!

That's right! SVI has substantially increased inventory on Steel Hydraulic Line Tubing and LENZ O-ring seal fittings. Currently, there is **over 62,000 feet of 5/8" .035 wall tubing in stock.**

We have also really beefed up our inventory of tube fittings, with more constantly in production. Next time you are installing a new Lubrication System or adding to an existing facility let us know. We can generally ship your order the same to next day.

SVI carries all the tubing and tube fittings needed for the job. Also available, is a complete line of Strut System supplies and tubing clamps. Strut is very useful, making it a breeze to hang or wall mount the tubing.
