More, more, more...

- SVI will meet or beat anyone’s advertised price or special. This means you will always be getting the best value for your customer.
- From Alamo to Western, American to Worth and Rotary to Wheeltronic, SVI has the right extension.
- Custom application design available. When your customer needs that special extension to properly get to the right lifting point we can help. Contact your favorite SVI representative to get the ball rolling.
- Ultra competitive blanket order pricing is available. This means you can place one large order for the most popular extension you sell and release shipments as needed. This allows you reduce your cost and boost your profits.
- SVI pricing programs are available for more than just height extensions. Work closely with SVI on other popular lift parts you may be getting elsewhere. Special pricing programs can be put in place to help you increase your profits and our growing product selection.

Saddles and Adapters
Contact SVI Today!

All names, numbers, symbols and descriptions are used for reference purposes only. It is not implied that any part listed is the product of these manufacturers. SVI does not represent and is not associated in any way with any other companies.
In addition to Standard Adapters, SVI offers:
Custom Adapters for In-Ground Lifts!

Put SVI's engineering expertise to work for your customers so everyone can rest assured that their SVI-made special adapters are right for the job. Bring us your custom adapter requirements and for no extra charge, SVI engineers will design the proper strength that you need.

SVI can tailor make adapters for most makes and models of lifts found in the field. We enjoy the aspect of problem solving and using our knowledge and creativity to come up with solutions that fit.

HERE ARE JUST A FEW EXAMPLES:

CUSTOM SLIDING SADDLE ASSEMBLY
This custom sliding saddle assembly was designed to fit a fleet of trucks with a longer wheelbase. SVI's engineering team solved the problem so the trucks were able to be lifted properly for service. The sliding saddle assembly was designed so the lift's capacity would not need to be downrated and the customer was able to reuse their existing adapters.

BH-9755-55A are custom designed rear adapters that have become a standard in the SVI product line. The adapters are for use on Rotary fore and aft bus and truck lifts. The 17" height provides more clearance around the differential.

CUSTOM HEAVY DUTY ADAPTERS
As new models of trucks and buses are introduced by the manufacturers, existing heavy duty lift adapters don’t always match up with newly designed undercarriages. The adapters pictured (right) are a variation of a Rotary design, but made both taller than standard and intended to fit a Weaver saddle. These adapters properly solved clearance issues the shop was encountering. The adapter pictured left was built for a municipal garage that purchased a Sterling tandem axle truck that would be used in the winter to plow and spread salt. This adapter allows the shop to lift the Sterling truck safely between the tandem axles rather than just by one of the two axles. It was also designed to still function as axle engaging for their other single axle vehicles. This adapter solved the problem and handles all of their vehicles so adapter switches never need to be made.

CUSTOM SADDLE FOR RV MANUFACTURER
This saddle was designed by SVI engineers to meet the needs of an RV manufacturer whose chassis had changed. It fits on a model AC-1010 lift that was produced by Western Hoist. This saddle and adapter Kit provides extended reach capability and quick position pad style adapters.

BH-9667-20TS is for use in saddles found on the rear section of 10-5/8" and 12-5/8" Weaver and SVI heavy duty lift models. This adapter is made special to provide more clearance between the saddle and the differential housing on some newer model trucks. The 20TS is a 3" taller version than its cousin the -20 and is constructed with a full 3/4" thick riser plate.

MODIFIED SADDLE WITH SPECIAL ADAPTERS
A valued distributor in Indiana needed help with a special application that presented itself. The standard saddle and adapter combination that was originally supplied on their customers Rotary lift did not properly reach the lifting points to accommodate some newly purchased vehicles. This meant they were having difficulty in properly and safely lifting the new wider wheelbase vehicles and something needed to be done. SVI was the first and most logical choice to handle such a request.

After listening to the scope of the job and the exact requirements, SVI went immediately to work. The customer needed a modified saddle with special adapters for an older Rotary lift model AT70E that would provide 70" of reach yet still allow for continued use of the standard adapters that were originally supplied. SVI was able to do it all and even upgrade the strength of the saddle at the same time. When fast turn around and special requirements go hand in hand, SVI is your answer!

Octagon Heavy Duty Rubber Pad vs. Urethane Pad

An SVI Exclusive for Challenger CL-10 and many others

SVI is offering this Heavy-Duty Rubber Pad as an alternative to the Urethane Snap-In Pad (Ref A1104-H) that you have been ordering. The issue we’ve found with the Urethane Pad is called “compression set”. With the weight of the vehicle pressing down on the urethane pad, it is pancaking or compressing the pad outward. The urethane does not rebound well and takes a compression set. As the urethane pad gets wider and wider against the two solid sides it is rejected from expanding horizontal and subsequently bows upward causing the undesirable outcome and appearance. This new Heavy-Duty Rubber Arm Pad is the better choice for your application.

Heavy Duty Bolt-On Style Rubber Arm Pad

Each pad is produced from a special 3/8” thick 2-ply durable reinforced material to increase service life.

FOR CHALLENGER, AMMCO, LAUNCH, OTHERS

FEATUED—SPECIALTY

Jack / Lifting Pads for Tesla Models 3, S, X

One-piece, fully insulated pad that will not damage paint.

SVI’s Jack / Lifting Pads for Tesla Models 3, S and X are designed to fit snuggly into and hang from the jack points for easy alignment when using floor jacks and professional car lifts. Our jack pad tool is the most popular selling jack pad adapter for Tesla 3, S and X. The simple round design assures that the pad will be inserted into the jack point correctly, whereas, rectangular shaped tools can be inadvertently inserted with the incorrect orientation.

Keep a set of these on hand to be sure your local tire and repair shop properly lifts your vehicle without damaging your battery or under carriage.

Also available as a set of 4 in a plastic storage tube. SVI is your answer!

### For Quality Lifts

**Slip-Over Height Extension Adapter - FIXED Height**

For Quality Lifts Q10000, 9000AS, and other Korean-Made Lifts including Powerrex and Deona.

**Fixed Slip-On Height Extension with Square Pad**

*Fits over Double Screw-Up Adapter*

**Features Square Rubber Pad BH-7232-01**

BH-7234-01 • 5" Extension (1)
BH-7234-01K • 5" Extension - Set of 4

A distributor contacted SVI with a request asking that we produce slip-on height extensions for his customers that own Quality Lift model Q10000. Even though the lift is supplied standard with double screw-up style adapters, sometimes at full spin they still are not high enough. This means a slip-on height extension is necessary in certain situations and for certain vehicles. Of course, SVI responded to the request and is now pleased to let you know about our height extension for Quality Lifts Q10000, 9000AS, others.

When you have an idea, need something special or just simply want a problem you are encountering solved give us a call. We will see what we can come up with. SVI has an innovative can-do spirit and enjoys working on solutions to challenges and opportunities that you discover every day.

**Made in USA**

*This part features impeccable hand welding that would beat machines in a welding contest.*

**May also fit other Korean made lifts**

*Confirm dimensions but we think this will also fit Powerrex and Deona lifts that are produced in Korea*

**Features Square Rubber Pad BH-7232-01:**

BH-7232-01 (Ref A1104, B1104) 1 Pad
BH-7232-01-4 (Ref A11052) Kit of 4 Pads with Fasteners
Height Extensions and Adapters **By Type / Style**

*Please always confirm dimensions before ordering.* Height Extensions and Adapters come in many different styles and dimensions. SVI is well-known as the adapter expert, specializing in top quality standard and custom adapters. SVI is your answer.

Pad Fasteners
Roll Pin

Looking for a custom adapter with anti-slip sides on the pad, contact SVI!

For Benwil

2" NUT/COLLAR OD
Telescoping 2-Stage Round Thread Up Adapter with Pad
2" Pin OD • For Models SPOA7-RA, SPOA9-RA, SL210-RA, A8-RA, A10-RA, and SL210-RA
BH-7542-66 (Ref FJ6202)

These 2-stage spin-up adapters for use on RA Series Rotary lifts are American-Made and priced as you would expect from SVI. They are built at a quality level equal to or exceeding that of others on the market. Each appropriate piece is individually zinc plated before final assembly. The rubber pad is molded in North America using virgin material, for lifespan longevity; no regrinded material is used in the manufacturing process.

For Rotary

### GMT

**Specialty Lift Adapters**

**FOR 2019, 2020 AND NEWER**

**Chevrolet 1500 Silverado**

and **GMC Sierra Truck Models**

On-going SVI engineering and production activities are occurring to provide lifting adapters for many makes and models of lifts so the new 2019, 2020 and after GM Trucks can be correctly accommodated on virtually any lift. SVI employs a professional staff of engineers who are well-suited to design products to satisfy the requirements and internal self testing is also routinely performed, where applicable.

FOR 2019, 2020 AND NEWER

Chevrolet 1500 Silverado and GMC Sierra Truck Models

On-going SVI engineering and production activities are occurring to provide lifting adapters for many makes and models of lifts so the new 2019, 2020 and after GM Trucks can be correctly accommodated on virtually any lift. SVI employs a professional staff of engineers who are well-suited to design products to satisfy the requirements and internal self testing is also routinely performed, where applicable.

Height Extensions and Adapters for Challenger Lifts

Please always confirm dimensions before ordering. Height Extensions and Adapters come in many different styles and dimensions. SVI is well-known as the adapter expert, specializing in top quality standard and custom adapters. SVI is your answer.

Octagon Heavy Duty Rubber Pad vs. Urethane Pad

An SVI Exclusive for Challenger CL-10 and many others

SVI is offering this Heavy-Duty Rubber Pad as an alternative to the Urethane Snap-In Pad (Ref A1104-H) that you have been ordering. The issue we’ve found with the Urethane Pad is called “compression set”. With the weight of the vehicle pressing down on the urethane pad, it is pancaking or compressing the pad outward. The urethane does not rebound well and takes a compression set. As the urethane pad gets wider and wider against the two solid sides it is rejected from expanding horizontal and subsequently bows upward causing the undesirable outcome and appearance. This new Heavy-Duty Rubber Arm Pad is the better choice for your application.

An Alternative to Snap-In Urethane Pad

Heavy Duty Bolt-On Style Rubber Arm Pad

Each pad is produced from a special 3/8” thick 2-ply durable reinforced material to increase service life.

FOR CHALLENGER, AMMCO, LAUNCH, OTHERS

Snap-In Urethane Pad (Ref A1104-H, A1104H)
BH-7232-01U 1 Pad
BH-7232-01U-4 Set of 4 Pads

Heavy Duty Bolt-On Rubber Arm Pad
An SVI Exclusive
BH-7232-01OHD 1 Pad
BH-7232-01OHD-4 Set of 4 Pads

An Alternative to Snap-In Urethane Pad
(Ref A1104-H, A1104H)

THIS ADAPTER WITH URETHANE SNAP-IN PAD IS COMMON ON CHALLENGER, AMMCO, LAUNCH, MAGNUM, QUALITY LIFTS, AND OTHERS

Height Extensions and Adapters For Gilbarco Lifts

*Available—See Manitowoc Lifts section
Did you know?

**In-Ground Globe Lifts Are Available from SVI!**

Simple!

It goes up.
It goes down.
When you want.
Every time.

Since 1928.
Now, it’s your turn to own a Globe.

**ENVIRONMENTALLY FRIENDLY AND SAFE TO OPERATE!**
Operates off of Compressed Air and Non-Vegetable Based Fluid
Just Like That Used by the US Coast Guard

These models are exempt from Federal EPA regulation.

In-ground lifts are making a major resurgence due to their solid design and proven service life.

Nothing outperforms or costs less to operate than an in-ground lift. Get in, get one!

### Additional Height Extensions for Globe Lifts and Ford Smith

**SLEEVE AND ADAPTER ASSEMBLIES - FOR MANY MODELS**

**Sleeve and Adapter Assemblies**

**4-Position Frame Kontakt Adapters**

**Reversible Sleeves (Standard Feature)**

The adapter supporting sleeve can easily be slipped off the swing arm and reversed. This provides even greater flexibility in reaching pick-up points on today’s smaller vehicles.

A distributor contacted SVI with a request asking that we produce slip-on height extensions for his customers that own Quality Lift model Q10000. Even though the lift is supplied standard with double screw-up style adapters, sometimes at full spin they still are not high enough. This means a slip-on height extension is necessary in certain situations and for certain vehicles. Of course, SVI responded to the request and is now pleased to let you know about our height extension for Quality Lifts Q10000, 9000AS, others.

When you have an idea, need something special or just simply want a problem you are encountering solved give us a call. We will see what we can come up with. SVI has an innovative can-do spirit and enjoys working on solutions to challenges and opportunities that you discover every day.

Made in USA
This part features impeccable hand welding that would beat machines in a welding contest.

May also fit other Korean made lifts
Confirm dimensions but we think this will also fit Powerrex and Deona lifts that are produced in Korea

Available with or without a rubber pad
Fully enclosed radius back Allows for quick and accurate placement on the lift's adapter.

Have another type of lift? Call 800-321-8173 for GMT style adapters for any lift make.

On-going SVI engineering and production activities are occurring to provide lifting adapters for many makes and models of lifts so the new 2019, 2020 and after GM Trucks can be correctly accommodated on virtually any lift. SVI employs a professional staff of engineers who are well-suited to design products to satisfy the requirements and internal self testing is also routinely performed, where applicable.

UNIVERSAL STYLE
TURF TRAYS FOR
2-POST LIFTS

2800 LB CAPACITY
(1400 LB / TRAY)

*It couldn’t be any easier—very few, if any measurements are needed when ordering AWA or AWS TURF TRAYS from SVI!*
1. **GENERAL.** The terms and conditions of sales order outlined herein shall apply to the sale by SVI INTERNATIONAL, INC. (hereinafter referred to as “Company”) of the items described on the facing page (hereinafter referred to as “Merchandise”) to Purchaser.

2. **DELIVERY.** Delivery shall be deemed to be complete when the Merchandise has been shipped F.O.B. Company’s plants in DeKalb, Illinois, Montclair, California; and Hanover, Maryland (“Company’s plants”). Shipments are subject to delays from causes or contingencies beyond the reasonable control of the Company. When otherwise not specified, shipments will be made in standard containers via carrier which, in the judgment of the Company, will result in the most practical method. Title and right of possession will pass to the Purchaser upon receipt by the carrier at the shipping point. If a customer of the Company should specify a specific carrier’s method of shipment (i.e. UPS Next Day Air) and that carrier does not perform to the customer’s expectations, freight credit to a customer’s account will not be issued unless the Company can first obtain a credit.

3. **RISK OF LOSS.** Identification of the Merchandise under Uniform Commercial Code (hereinafter referred to as “UCC”) Section 2-501 shall take place at the moment of shipment F.O.B. Company’s plants. Risk of loss shall pass to the Purchaser when the Merchandise is shipped from the Company’s plants.

4. **TITLE.** Title to the merchandise shall transfer to the Purchaser when the Merchandise is shipped from the Company's plants.

5. **WARRANTIES.** The Company guarantees its products to be free from defects in workmanship and raw materials for a period of one year from date of purchase. THIS WARRANTY IS EXPRESSLY IN LIEU OF ANY AND ALL WARRANTIES EXPRESS OR IMPLIED. COMPANY DOES NOT WARRANT THE MERCHANDISE IS MERCHANTABILITY OR FIT FOR ANY PARTICULAR PURPOSE. Company’s liability for breach of the terms of this Agreement, including any warranty, is limited to either refund of the invoice price of the Merchandise or at Company’s option, replacement of the Merchandise free of charge, including transportation charges but not including the cost of labor. Purchaser has not relied on any statement or upon the conduct of Company with respect to the prospective use of the merchandise. Company shall not be liable for and Purchaser waives any and all claims for any loss or damage, directly or indirectly, arising from the use of the Merchandise and for punitive, incidental or consequential damages, including, but not limited to, damages to property, for loss of use, loss of time, loss of profit or loss of income. The Company does not authorize the sale of our products under any warranty, expressed or implied.

6. **SETOFF.** All claims for money due or to become due from the Company shall be subject to deduction by the Company for any setoff or counterclaim arising out of this or any other claims of the Company or its affiliated companies, whether such setoff or counterclaim arose before or after any assignment by Purchaser.

7. **INDEMNIFICATION.** Purchaser agrees to indemnify the Company and hold it harmless from and against all claims, liability, loss, damage or expense, including reasonable counsel fees, arising from or by reason of any modifications or alterations made by Purchaser. If a customer of the Company modifies or alters any part, in any manner whatsoever, or uses any part in departure from recommended performance specifications, said customer agrees to indemnify and hold the Company harmless from and against all liability and expenses based on damage to property or injury to or death of any person arising out of or attributable to such modified or altered part. Further, the Company will not accept any such modified or altered part for credit to a customer’s account.

8. **INDEMNIFICATION.** Purchaser agrees to indemnify the Company and hold it harmless from and against all claims, liability, loss, damage or expense, including reasonable counsel fees, arising from or by reason of any modifications or alterations made by Purchaser. If a customer of the Company modifies or alters any part, in any manner whatsoever, or uses any part in departure from recommended performance specifications, said customer agrees to indemnify and hold the Company harmless from and against all liability and expenses based on damage to property or injury to or death of any person arising out of or attributable to such modified or altered part. Further, the Company will not accept any such modified or altered part for credit to a customer’s account.

9. **RETURN POLICY.** To return a part for credit or inspection, Purchaser must first contact our Main Office in Illinois, to obtain a Return Merchandise Form. Once Purchaser has obtained this form, the parts can be returned freight prepaid only. The Return form must be included with the shipment. Parts returned to the Company without the approved form will be returned freight collect to the shipper or refused. Returns must be initiated within 30 days of the invoice date. The Return Forms are valid for 30 days, from the date of issue. All Returns are subject to restocking charges. Return parts brought into our remote warehouses, will not be accepted by our personnel, without a Return Merchandise Form from the Main Office. Parts which have been used in any way or manner, including any installation or incorporation into a lift, hoist, or other equipment, shall NOT be eligible for return whether or not a Return form has been assigned.

10. **RENEWAL.** Returns are subject to a restocking charge. Refusals are subject to the same restocking charge plus the cost of outbound and return freight charges and/or fees incurred by the Company due to shipment refusal.

11. **PRICES AND PAYMENTS.** All prices are subject to change without notice. All prices are F.O.B. shipping point. The Company standard terms are net 30 days, C.O.D. company check, C.O.D. cash, VISA, MasterCard, Discover or American Express. However, if in the judgment of the Company, the financial condition of the Purchaser at any time does not justify shipment according to standard terms of payment, the Company may require full or partial payment in advance.

12. **INTERPRETATION.** This sales order is intended by the parties as a complete and exclusive statement of the terms of their agreement. It supersedes all prior agreements, written or oral. No course of prior dealings between the parties and no usage of the trade shall be relevant to supplement or explain any terms used in this sales order. Acceptance or acquiescence in a course of performance rendered under this purchase order shall not be relevant to determine the meaning of this sales order even though the accepting or acquiescing party has knowledge of the nature of the performance and opportunity for objection. Whenever a term defined by the UCC is used in this sales order the definition contained in the UCC shall control.

13. **MODIFICATION.** This sales order can be modified or rescinded only by a writing signed by both parties.

14. **WAIVER.** No claim or right arising out of a breach of this sales order can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver or renunciation is supported by consideration and is in writing signed by the aggrieved party.

15. **ASSIGNMENT.** Any right or interest in this sales order shall be assigned by either party without the written consent of the other and no delegation of any obligation owed, or of the performance of any obligation by either the Company or Purchaser shall be made without the written consent of the other party. Any attempted assignment or delegation not made in conformity with this paragraph shall be wholly void and totally ineffective for all purposes.

16. **TIME TO PERFORM AND BRING ACTION.** Time is of the essence of this sales order. Any action for breach of this sales order shall be commenced within two (2) years after the cause of action has accrued. Any party who loses any litigation shall reimburse the other party for costs including reasonable attorney's fees. The exclusive jurisdiction for any legal action shall be the Circuit Court of DeKalb County, Illinois.

17. **APPLICABLE LAW.** This sales order shall be governed by the UCC of Illinois as effective and in force on the date of this sales order.
