UPGRADE OPTION: ▶

**Defogger Muffler for Graco and others**  
**BL-1102-656DF**

(Ref 102-656x, 102656x)

*The Defogger Muffler collects oil mist prior to it being discharged into the air. Once the oil mist is extracted and condensed into liquid it gravitates into the sump so it can be periodically drained off. This muffler will satisfy an OSHA inspector aware of the no oil mist policy in exhausted air.*

*Install with drain cock pointing down only. Use with elbow when necessary.*
