

115 Volt Electric HD Vane Pump **Model WD73**

"because good things should last..."

- ▶ **EXTRA-DUTY 1/3 HP MOTOR**
- ▶ **HEAVY DUTY HIGH SPEED 16 GPM PUMP**
- ▶ **TROUBLE-FREE HD STAINLESS STEEL BYPASS VALVE**
- ▶ **SEPARATE MOTOR AND PUMP FOR SUPERIOR DURABILITY**

While virtually identical to the once-available Gasboy Model 73, SVI is pleased to introduce its new model **WD73**. This consumer series pump is now available and assembled in our DeKalb, Illinois plant. Everyone who has enjoyed the lifespan longevity and serviceability of the former Gasboy consumer 70 series pumps will experience the same results with this pump. The **specifications are identical** and the pump is priced right.

Put the boy back to work and order some WD73 pumps today. They come complete as pictured with the nozzle and fuel line. We also offer the ever-useful Install-A-Socket. There are two versions of this pump available, one for diesel and one for unleaded. Contact your favorite SVI representative to place your orders.

SVI #	DESCRIPTION
